

AMÉDÉE

Design by
Marie Christine Domer

Description
Amédée is a settee and armchair combination, designed around a lumbar support which is quilted and stitched just like the bucket seats of the best Italian motor cars. The armchair may be rotating, and there is also a footstool for when it's time to relax.
Chic, urban and thus compact, this family of seating acquires undeniable luxury object status when upholstered in the new full grain, pure aniline Orga leather, with its slightly smooth, glossy finish.

Technical Specifications
CONSTRUCTION
structure of seat in 3-layer particleboard ; structure of back in thermoformed ABS. Base in black MDF panels in the case of the settee and fixed armchair, or in 8 mm thick Epoxy black lacquered steel in the case of the rotating armchair. In the case of the footstool, the structure is in 3-layer particleboard.

COMFORT
elastic webbing and high resilience polyurethane foam (36 kg/m3 - 2.8 kPa) on the seat. High resilience polyurethane foam (26 kg/m3 - 1.4 kPa) on the back. Polyurethane foam (38 kg/m3 - 3.6 kPa) for the footstool.

MAKING-UP
cover quilted with 110g/m² polyester with, baguette stitch detailing; cover may be removed by a professional.
Lumbar and armrest cushions are integral to the cover: they are stitched every 5 cm and quilted with ultra-flexible polyurethane foam (30 kg/m3 - 1.8 kPa).
