

BOSHI

Design by
M.-A. Stiker-Metral

Description

The Boshi table lamp – ‘boshi’ being a term for a hat in Japanese – seems to be sporting a nickel-plated

steel helmet, the perforations of which evoke the ornamental beads of metal on the helmets of ancient samurai warriors.

Table lamp with base in nickel-plated steel topped with a sphere of mouth-blown opal glass Ø 12 cm. Cap in perforated nickel-plated steel, isolated from the sphere by a toric joint. Transparent PVC cable; transparent manual switch. Supplied with 1 x 3W G9 220V LED bulbs colour temperature 3,000 K (warm white), 200 lumens.

THIS LIGHT IS SOLD WITH AN ENERGY CLASS A+ BULB.

IT IS COMPATIBLE WITH BULBS FROM ENERGY CLASSES A++ TO E.
