

# VASE: DAPHNA

**Design by**  
Itamar Burstein

## Description

A good height vase in white enameled faïence. Its broken lines bring this vase particular charm which will only serve to showcase the widest range of bouquets, from the natural look to the more sophisticated kind.

Itamar Burstein plays anew with the rules and conventions which define a vase. How does one create a new shape whilst respecting its iconic lines, with the minimum of interference? The use of porcelain facilitates a dialogue between old and new. The Daphna vase attracts the attention and lets our imagination take flight.
