

ROCHER

Design by

Hertel & Klarhoefer

Description

A resolutely urban graphic collection, easily accommodated and accessibly-priced. The Rocher collection picks up on the trend for fractal design as characterised by its faceted construction. In actual fact the surface of the shell of the Rocher chair, an envelope which does duty as seat, back and arms, seems to have been cut like a diamond. It sits on four steel feet finished in lacquer to match the shell. Easy on the eye, it combines easily with a large number of dining tables, be they classic or contemporary in style.

Technical Specifications

STRUCTURE & COMFORT

Steel base. Shell in satin-finish reinforced techno polymer, with the signature of the designers. Easy maintenance: clean with lukewarm soapy water.
